SUMMARY

Emerging web developer with a strong foundation in **HTML, CSS, and JavaScript**. Experienced in building responsive websites and interactive applications across various domains. Skilled in **front-end development, critical thinking, adaptability, and time management**. Passionate about creating user-friendly and scalable web solutions while continuously learning new technologies.

PROJECTS

Banking System

Dec 2024

- Developed a secure banking application where users can log in to their accounts, transfer money, borrow loans, and delete their accounts.
- Implemented automatic logout after 5 minutes of inactivity for enhanced security.
- Designed a transaction history feature to display the last transactions.
- Built a separate website for the banking system using HTML, CSS, and JavaScript.
- Technologies Used: HTML, CSS, JavaScript.

Omnifood, Online Food Delivery Website

Jul 2024

- Developed a responsive online food delivery website named Omnifood.
- Designed a user-friendly interface with modern UI/UX principles.
- Ensured full responsiveness across all devices using HTML, CSS, and JavaScript.
- Technologies Used: HTML, CSS, JavaScript.

Games, Pig Game & Guess the Number

Mar 2024

- Developed multiple interactive games using JavaScript, enhancing logic-building skills.
- Pig Game (Greedy Game):** A two-player dice-based game where players roll a dice to accumulate a score. Rolling a '1' resets the current score, but players can hold their score to add it to their final total. The first player to reach 100 points wins, with a scoreboard tracking victories.
- Guess the Number:** A number guessing game where the player has to guess a randomly generated number within a limited number of attempts, with feedback provided after each guess.
- Technologies Used: HTML, CSS, JavaScript.

CERTIFICATIONS & ACHIEVEMENTS

1st place, Research Paper Competition (V.V.P.)

2024

- Contributed by building a research paper and conducting analysis.

Participant, New India Vibrant Hackathon (SSIP)

2023

- Helped in design and analysis of the Scheme Spotter project, which connects people with relevant government schemes.

EXTRA CURRICULAR ACTIVITIES

Event Management, Volunteer for Rasotsav

2024

- Worked closely with a team to enhance teamwork and leadership skills.

Event Management, TechFest (state level)

2024

Managed registrations, scheduling, and logistics to ensure smooth event execution.

EDUCATION

Bachelor of Engineering (B.E.) in Information Technology,

2023 – 2026

V.V.P. Engineering College, Rajkot | 6th Semester | **CGPA: 8.36**

Diploma in Information Technology

2020 – 2023

Government Polytechnic, Rajkot | **CGPA: 8.65**

Secondary School Certificate (SSC)

2020

Sunflower English School, Rajkot | **Achieved 87.81%**

SKILLS

Programming Languages — CSS, HTML, JavaScript, PHP

Database Systems — MySQL

Version Control — Git, Github
